SNOOKS REARRESTED. - Sergeant Lord and Officer Fitzmaurice of the Second Precinct last evening traced Spooks, the fugitive from justice, to the corner of Sixth street and First avenue, where they rearrested him. By some means they learned that Mr. Snooks and a friend were to meet at the above place, and they accordingly lost no time in being at the rendezvous. Soooks made desperate fight, and was shot at by the officer, but escaped uninjured. The friend was also inclined to fight until the pistols appeared, when he ran away. The fugitive was handcuffed, and locked up in the Second Ward Station-House.

PUGITIVE FROM JUSTICE-ATTEMPTED MURDER -Last evening Detectives Devoe and Sampson arrived in town from Boston, having in castody a young man named Jed W. Briggs, charged with attempting to kill Eleazer M. Parieb, and also with being a fugitive from justice. In January last Briggs with his wife was sojourning in the City of Augusta, Georgia, and while there became acquainted with Parish, who was a permanent resident of the place. Parish, as is alleged, paid considerable attention to Mrs. B., who is represented as a handsome and fascinating woman, and at length embeldened by his familiar acquaintance, grossly insulted her on several occasions. She finally informed her husband of Parish's insults, but on account of the friendship that had previmust be some mistake about the matter, and determined to satisfy himself by personal observation. He secreted himself in his room, and soon became fully satisfied of the trothfulness of his wife's statement. Springing from his place of concealment, revolver in hand, Briggs confronted Parisb, and was about shootlog him down like a dog, when Parish fell on his knees and entreated for pardon, which the husband finally granted, and Parish was permitted to depart uninjured A few days after this affair Parish had the audacity to seat bimself beside Mrs. Briggs at the dinner table. Mr. Brigge extering the room a moment after, ordered Parish to remove his seat, which the latter refused to do, whereupon the former told Parish to defend bimself, at the same time drawing a revolver. Brigge fired two shots, and Parish five; one of the shots of the former taking effect in the arm of Parish, and putting an end to the further shooting. Subsequently Briggs was arrested, and held to bail, Mr. Oates becoming his surety. The Grand Jury of Augusta found a true bill against Briggs for attempted murder, but, before the day of trial arrived, the accused had escaped to parts unknown. Recently, the case was pisced in the hands of the above named officers, who after traveling upward of 1,600 miles, through the British Provinces and several of the New-England States, eventually found the man they were in search of in Boston, working in a saddle and harness maker's shop. The accused was locked up at Police Headquarters, and will be taken to Georgia to-day.

INQUESTS.—Coroner Schirmer held an inquest on Bunday at No. 52 Catharine street upon the body of Joseph Meyer, a German, 34 years of age, who was fatally injured at Richfield, Conn., by striking his head against the beams of a roof under which he was diviting his peddler's wagon. The accident occurred on the 21st inst., and death enaued on Saturday night last.

last.
Coroner Jackman held an inquest upon the body of a male infant, about five days old, found dead in Thirty-eighth atreet, near Seventh avenue. The medical testimony showed that death was caused by sufficiation, and the Jury rendered a verific to that effect; but by whom the child had been murdered could not be

ascertained.

The same Coroner held an inquest upon the body of an unknown man, found drowned in the North River, near the foot of
King street. Deceased was about 26 years of age, medium hight,
and had abour hair. He was dressed in a black alpaca coat,
frab pants, and gaiters. The usual verdict was rendered.

A DOCK THIEF. - The office of G. W. Shaffer, at the DOUR THIEF.—The office of G. W. Shaffer, at the foot of Ganaevoort street, was burglariously extered on Satur day night, and a quantity of rope taken therefrom: A man named McScrley was subsequently arrested with the rope in his possession. The princer is reputed to be one of a gang of dock thieres known as the "Troy street gap," who make a living by prowling about the docks and stealing whatever comes within their reach. McSorley's case proves the truth of the old saying, "Give a rogue rope enough, and he'll hang himself." He was fully committed for trial.

On the Track,—On Sunday morning a man named John Sherman was sitting on the track of the Fourth avenue Raircad, at Sixtieth street, supposed to have been intoxicated, when he was strick by the cow-catcher of a freight train and pitched down an embankment about thirty feet, by which he sustained severe injuries. It was very foggy at the time, and the engineer did not see the man till the accident occurred, when he acopped his train and took him on board. He was sent to Bellevue Hospital.

FATAL ACCIDENT BY FIRE-ARMS.—Mr. William Henry Horton, a farmer, who resides about three miles Northeast of Sing Sing, was found dead in his bough-house, where he had gone to net plecons, on Tuesday morning, the 20th inst. It is supposed that by some accidental movement, his gun tipped over, the muzzle striking the head behind the right ear, and at that moment the hammer or trigger of the gno being strock, it discharged its entire contents through the head, blowing off the whole of the upper portion of the skull, and scattering the brain in every direction, producing instantaneous death. The gun had been loaded the night previous with an unusual charge for the purpose of shooting raccoous, and so tremendous was its force when discharged, that large fragments of the scull were found thirty feet from the bough-house.

ABANDONED .- A fine, healthy, male child was found on Saturday night lest by Officer Vredenburg on the steps of the Twenty fifth-street Catholic Church. A paper was pinned to the child's dress on which was written. "John Carpenter, born Sept. 3th, 1859." The child was sent to the Alms House.

STARBING AFFRAY .- John Burns and James Mc-Gram, both inmates of house No. 199 East Twenth street, got into a quarre, about 12 o'clock on Saturday night, when McGram drew a kife and stabled Burns in the breast, inflicting a sewre and denaerous would. Burns was immediately conveyed to Bellewue Hoopital. McGram has not been arrested as yet, but as he is well known to the officers he probably will be secured.

BRANCH NON EST.—Stephen H. Branch, against whom a charge of libelling Mrs. Nancy Cook, and her daughter, Madams Başiolis, in a scurrilous little sheet which he has recently started, was to have been examined on Saturday before Ald. Bracy, but aid nos make his appearance, although a large crowd of friands appeared in Court to welsome him. It is supposed that he has found it prudent to leave the city. Alderman Brady issued a warrant for his arrest, but two officers who had been detailed to serve it, failed to find him.

WHAT'S THE TIME.—Thomas Gray of No. 94 Chat-ham street inqvited the time of dayof one Augustine Denose of No. 145 Thompson street. Augustuine, being of an accommedating disposition, guiled out his watch to answer his inquiry, when Gray an ched the watch (valued at \$20) from him, at the same time striking and kicking him violently. Gray was arrested and the watch found in his possession. Justice Brennan committed the prisoner to answer.

COOPER UNION FOR THE ADVANCE-MENT OF SCIENCE AND ART.

The Trustess announce that since the execution and delivery of the deed by Peter Cooper, esq., conveying to them in fee simple, without reservation of any kind, the property at the junction of the Third and Fourth avenues, commonly known as the Cooper Institute, with all its rents, issues, and profits, they have been diligently engaged in organizing the Institution upon he several trusts contained in the deed.

1.-THE SCHOOL OF DESIGS FOR FEMALES I.—THE SCHOOL OF DESIGS FOR FEMALES
Will open for the reception of pupils on the 26th Sept.
inst., under the direction of T. Addison Richards,
M. A., assisted by Mr. Robert O Brien in the department of engraving on wood and copper. The design
of this school is to prepare females to become teachers
of drawing and painting, and to enable them to earn a
livelihood by engraving. Papils will be received into
the industrial classes without charge, on complying
with the rules of the school, which can be obtained at
the office of the Union.

2.—READING ROOM.

The great Hall on the third floor has been arranged The great had on the third mor has been arranged as a reading room, and will be supplied with all the leading foreign and domestic newspapers and magazines. It will be open after the lat of November, from 9 s. m. until 10 p. m., free to all persons, male and female, of good moral character, who comply with the regulations. This department is designed especially for the use and instruction of the working classes; but none will be excluded so long as its capacity is not

exhausted.

Attached to the reading room is a gallery of art, in which are deposited the Bryan Collection, and other works of art, which will be open day and night, without charge, to the public.

out charge, to the public.

3.—Department of Night Instruction.

Regular classes will be formed for instruction in architectural, free hand, and mechanical Drawing fincluding the Designing of Furnitura), Chemistry, Mechanical Philosophy, Mathematics, and Music. These classes are designed especially for the improvement of mechanics and mechanics' apprentices: but, as the arrangements are adequate for at least 800 pupils in each branch, no applicants will be rejected, unless the rooms are crowded, in which cases the preference will be given to the working classes. The instruction will be entirely free, but will be systematic, and contianed orally, and by text-books and recitations, from about the let November until the let June. Only persons entering for the course will be received in any of these classes; but the public will be permitted to occupy the vacant seats at any of the lectures.

The instruction in Chemistry will be given by Prof. John C. Draper; in Mathematics, by Prof. B. S. Hedrick; in Mechanical Philosophy, by Prof. L. Reuben.

The Drawing Classes will be under the charge of competent instructors in the several branches, with especial reference to the business of the pupils.

The instruction in Music will be given by Dr. Chas. Guimette, and will consist of Physiology, Pathology, and Hygeine, as pertaining to the vocal and respiratory systems, classical soffeggi, vocalization, and lyrical declamation.

On Saturday evening, one lecture-room will be at the dispocal of the students, for the purposes of debate and mutual instruction.

Applicants for admission to any or all these classes will register their names, ages (which must not be less than sixteen years, except by special permission) and residence, with a certificate of good moral character, without delay, at the office of the Union, between the hours of 9 and 10 a. m., and on Saturday evenings from 6 to 8, when tickets of admission will be issued.

In these departments no preliminary education will be required, except such as may be acquired at t 3.—Department of Night Instruction.

be got elsewhere by night, without charge.

4.—Free Public Lettures.

The Trustees are making arrangements, which will be announced hereafter, for a course of free public lectures, on topics of a useful character and general interest, to be delivered in the great hall of the Union on Monday evening of each week. No charge will be made for admission, but tickets will be given to such persons only as shall apply for the same at the office in advance.

5.—Society of the Associates.

By the Eighth Section of Charter it is provided as follows:

By the Eighth Section of Charter it is provided as follows:

"The Trurtees of the Corporation, hereby created, may at any time associate with themselves such persons as they shall see fit, as members of the Corporation hereby created, and with such persons organize a Society, with the style and title of the "Associates of the Cooper Union for the Advancement of Science and Art," the objects and purposes of which shall be the encouragement of Science, Arts, Manufactures, and Commerce, the bestowal of rewards for such productions, inventions and improvements as tend to the useful employment of the poor, the increase ettrade, and the riches and homor of the country; for methodosa works in the various departments of the fine atta; for discoveries, inventions and improvements; and generally, by lectures, papers and discussions thereon, and other suitable means to assist in the advancement, development and practical application of every department of science in connection with the arts, manufactures. and discussions thereon, and other suitable means to assist in the advancement, development and practical application of every department of science in connection with the arts, manufactures, and commerce of the country. The said Society shall consist of the eads associates, the graduates of the institution hereby incorporated, whose diploma may include such rights and privileges, and of such other pressus as from time to time shall be elected members thereof, slways including the members of the Society and all the members of the said society shall, while members thereof, be members of the torogration hereby created. The said Society hall, while members thereof, be members of the Corporation hereby created. The said Society which, subject to the approval of the said Society which, subject to the approval of the said Board of Trustees, shall make all rules and regulations for its own conduct and government, pass its own by-laws and prescribe the duties and powers and annual dnes of its members and officers; and which said Society whall elect its own officers and members and shall, from its members, annually elect a council consisting of at least twenty-four members of said Society, which said councilits hereby sunhorized and empowered to do and perform all and every act and thing whatboever, by it provided to be done and performed, in and by said deed."

As this Society has the right of visitation of the en-

every act and thios whatsever, by it provided to be done and performed, in and by said deed."

As this Society has the right of visitation of the entire institution, the Trustees are desirous that it shall be a large, respectable and influential organization, representing all classes in the community. The Society will have the free use of the great hall of the Union one night in each week, and many other important privileges. It is expected to correspond nearly with the Society of Arts in London, which has been productive of so much benefit to the industry of Great Britain. As it will be difficult, if not impossible, for the Trustees to make a selection, which would not be open to criticism, they propose to address a circular to the members of the leading hterary, scientific, artistic, and industrial associations of this city, inviting them to become the original "Associates of the Union," thus realizing practically the idea of Mr. Cooper in the selection of the title of the Corporation. The members over 21 years of age of the following societies, among others, will be thus invited: The Society of Mechanics and Tradesmen, the Chamber of Commerce, the Historical Society, the American Geographical and Statistical Society, the Society Library, Mercantile Library and Clinton Hall Association, the Alumni, associates, trustees and professors of Columbia College: the New York University, and the Free Mercantile Library and Clinton Hall Association, the Alumni, associates, trustees and professors of Columbia College, the New-York University, and the Free Academy; the American Institute, the Mechanics' Institute, the Horticultural Society, the American Institute of Architects, the Photographic Society, the National Academy of Design, the Century, the Athereum, the Lycum of Natural History, the Law Institute, the Academy of Medicine, the Sanitary Association, the Ciergy of New York, and the Teachers in the Public Schools.

The original associates will make such rules and regulations for future admission of members, and the organization of the society, as they may see fit, subject to the conditions of the charter.

7.—Dedication.

7.—Dedication.

The public dedication of the "Union" will take place in June next, by which time it is to be hoped that all the departments of the Institution, except the Polytechnic School, will be in full operation.

By order of the Trustees,

JAMES T. HODGE, Assistant Secretary,

New York, Sept. 24, 1829.

Almost an Accident .- As the Boston express train of Saturday, coming to this city, was started from the Depot at Bridgeport, Conn., a child of Mrs. Martence, a little girl 8 years of age, in attempting to pass from one car to another, was thrown down, and fell upon the rail between the care. The accident was witnessed by Mr. William H. Clapp of Hiram, Obio, who was standing on the platform of the car at the time, and who instantly, at the peril of his life, sprang down between the cars, and grasped the child with one hand, while with the other he clurg to a car, and ran with the train until it could be stopped. The child was uninjured, except the bruises received in falling. but would inevitably have been killed except for the presence of mind and activity of Mr. Clapp. Mr. C. was severely bruised about his head. Such acts of heroism should not go unrecorded. Pass him around.

# BROOKLYN ITEMS.

REFUELICAN PRIMARIES.—The Republican primary elections to select Delegates to the County, Assembly, and Senatorial Conventions are to meet in the different Wards this evening.

THE ACADEMY OF MUSIC. - A meeting of the Conmittee of Twenty-five, authorized to co.lect subscriptions to the capital stock of the Academy of Music was held at No. 9 Court street on Saturday night. But few were in attendance, notwithstanding which subscriptions amounting to \$2,000 were handed in. There is still about \$8,000 lacking to make up the total amount, and the Committee is confident that every cent will be subscribed by the middle of this week. The building will be commenced within ten days after the full amount is subscribed.

FARE REDUCED -The Peck-slip Ferry Company have again reduced their fare for vehicles to five cents for light wagons instead of eighteen, and fifteen cents for coaches instead of twenty-five.

BROOKLYN CITY MORTALITY .- The total number of deaths in this city last week was 121; of which 25 were men, 25 women, 25 boys, and 35 girls. The principal diseases were commented, 15; choices infrastum, 9; typhoid fever, 3; marssems, 7; dysentery, congestion of the lungs, and convenients 6 each; remittent lever, 3; a. Under 1 year of are, 23. Natives of the United Sans, 22; Ireland, 19; Germany 6; England, 3; British America, 1. Collision Between Ferry-Boats. - Yesterday

morning about 11 o'clock the Peck slip ferry-boar Commodore
Perry and the James slip ferry-boar George Law came into collision in the East River. The Commodore Perry was behind the
George Law and ran into her with such force as to break her
rudder. No person was injured. COMMITTED .- Two men named Robert Mills and

John Cook, charged with passing counterfeit \$5 bills on the State Bank of Troy, was examined before Junioe Cornwell on Satur-day and committed in full for trial.

BROOKLYN CITY COURT CALENDAR for Monday, S. pt. 26.—Enumerated Motions—Nos. 17, 49, 52, 58 Jury Cames—Nos. 56, 63, 3, 13, 14, 23, 42, 1, 15, 25, 27, 36, 40, 57, 53, 60.

The salient point in the stock market to-day is the firmness and activity in New-York Central, which is enstained by a strong party, who are, it appears, determined to carry it up against the tendency of the general market. They are doubtless encouraged in this by the large improvement which has taken place in the traffic of the road. The market in other descriptions is generally dull and weak, the jobbers on both sides have evidently very little stomach just at present for active operations. At the Second Board there was a fair smount of transactions at about morning prices, Central being again the exception. That stock was active and well sustained, the movement being apparently to create a scarcity of cash stock. The closing price is precisely that of yesterday. Pacific Mail left off at 80 bid. The question of the November dividend is already mooted, and it appears to be considered certain that 5 P cent, if not mere, will be declared. It is positively officially stated that thus far the competition has been sustained by this Company without loss. Various rumors are again affoat as to prespects of settlement of the difficulty with Mr. Vanderbilt. A rumor is also current that a violent quarrel has taken place between Garrison and Vanderbilt. We shall see. The closing prices were: Vurginia 6s, 941,295; Missouri 6s, 841,284; Canton Company, 17 @174; Cumberland Coal, 134 @14; Pacific Mail, 79[ 280]; New-York Central Railroad, 812 2811; Erie Railroad, 41 211; Hudson River Railroad, 354 @ 36; Harlem Railroad, 94 @ 94; Harlem Railroad Preferred, 362361; Reading Railroad, 41] 211]; Mich gan Central Railroad, 45] 246; Michgan Southern and Northern Indiana Railroad, 6@ 61; do. Guaranteed, 231@231; Panama Railroad, 117 | w 118; Ellicols Central Railroad, 67 | # 67 4; Galena and Chicago Railroad, 747 2741; Cleveland and Teledo Railroad, 24 2211; Chicago and Rock Island Railroad, 681 a681: Illinois Central 7s, 881 a891.

The market for foreign bills closes firm, the transactions in bunkers' sterling signatures having been nearly all at 1164. Some settlements, however, were

made at 1102. France are \$5.15 a \$5.122.

Freights to Liverpool 550 bales Cotton at 4d., 50 tuns Oil Cake at 17s.; 50 bhds. Tallow at 17s. To Bremen, per steamer, 45,000 fb Whalebone at 1c., and 160 tune Measurement Goods at 40s. A schooner of 150 tuns to St. Croix and back, \$1,250, port charges paid. A vessel of 150 tuns out to and back from West Indies for \$1,250, port charges paid. A vessel of 300 turs out to West India Islands for \$1,400. A vessel of 130,000 feet capacity from the South to Windward with lumber at \$12.50. A vessel of 3,000 bbls. capacity from Richmond to South America at \$2 621 per bbl. out and home, port charges paid. A vessel from Jacksonville to New-York with flooring boards at \$8.

The business of the Sub-Treasury was: Receipts, \$172.850 59; for Customs \$126,000; Payments, \$89,185 97; Balance, \$5,190.520 43; Treasury notes for Customs during the week \$20,825 61.

The shipment by the Kangaroo to-day was \$1,570,000. The amount by the Ocean Queen was \$1,260,153 67, making a total of \$2,830,153 67 for the day. This is a very large shipment, but still not the largest we have had this year. It has been increased by the fact that an increase in the rate of insurance goes into effect next week. The shipment by the Persia next Wednesday, it is thought, will be very

Exports of Specie for the week:

We annex a comparative statement of the Imports of Foreign Dry Goods and General Merchandise at New-York for the week, and since Jan. 1: 

Since January 1...... \$181 293,498 \$110,146,508 \$189,848,107 The following table will compare the exports of the even principal staple articles for the week:

Total ..... \$452.694 Increase of the week as compared with that of 1858.... \$186,445 ... 413,751

The following is a comparative statement of the value of exports from the commencement of the year to Sept. 22:

2,361,120 942,975 685,262 65,596 Total... \$17,451,615 \$15.880,817 \$4,216,601 \$5,785,799

Thompson Brothers decline to purchase the notes of the Bass River Bank, Mass., which are refused by the Metropolitan Bank, unless guaranteed by the depositor. The circulation has suddenly become very abundant in Wail street, and has been offered as collateral for loans. There has been considerable activity in loans to day.

the wants of the bankers who had bought gold having forced them to call in their demand loans. Money, however, was abundant in other quarters, and the loans were replaced without difficulty at the same rates. Parties, however, took advantage of this changing of loans to endeavor to advance the rates of interest, with little or no success. We shall not be surprised, however, to see some enhancement of the ra'es on long paper, if the specie drain continues to any extent. The banks, as for as can be ascertained, are rather contracting this week; certainly some of the larger institutions are. The specie line on Monday will not be affected by the shipment of to-day, and will not probably show any large change from last week. The following table will show the movement up to last evening, so far as it can be recorded:
Sept. 17—Average reported by banks. \$21,512,650
Sept. 17—Foreign export.
